Yes

## Activity details

### Description of the initiative

Lesotho received funds from Global Environment Facility towards implementation of National Biosafety Frameworks Project and it intends to use part of funds towards consultancy to develop guideline and training on emergency response, accidental release, illegal movement, transit, contained use, AIA and FFP, handling, transport and packaging

#### Objectives

1. To develop guidelines that define; emergency response, accidental release, illegal movement, transit, contained use, AIA and FFP, handling, transport and packaging
2. To train stakeholders on emergency response, accidental release, illegal movement, transit, contained use, AIA and FFP, handling, transport and packaging

### Eligibility

Interested consultants should have one of the following qualifications and experience:

1. At least Masters' (MSc) in Agriculture, Plant Breeding, Environmental Management, Biotechnology or related discipline with at least four(4) years experience in biosafety field
2. A Doctoral (PhD) in Agriculture, Plant Breeding, Environmental Management, Biotechnology or related discipline with at least two(2) years experience in biosafety field
3. Previous experience in undertaking a similar activity

### Application process

All applications should be addressed to:  
Ministry of Tourism, Environment and Culture  
National Biosafety Frameworks Project  
Post Office Building, 6th Floor, Kingsway, Maseru  
Lesotho  
0100
